

Diversified Revenues Power Hoboken's eMazzanti Technologies to 8th Consecutive Ranking on Inc. 5000 List

NYC area IT consultant attributes 2017 Inc. 5000 recognition to expanding cloud services, retail and legal IT, digital marketing acquisition

Hoboken, New Jersey -- (Cision) August 17, 2017 – For the eighth consecutive year, Inc. magazine has ranked eMazzanti Technologies among the top fastest growing private companies in America in its annual Inc. 5000 list.

President and Co-founder, Carl Mazzanti attributes the achievement to strong growth in cloud services and the retail and legal technology segments. The acquisition of an award-winning digital marketing agency, Liqui-Site, also contributed to revenue growth.

"Companies vote with their hard-earned dollars," stated Mazzanti. "For sixteen years running, our customers have chosen eMazzanti's outstanding services and support. Making the Inc. 5000 list for the eighth time reflects their trust and our mutual success."

"As an eighth-time honoree, you are part of a very select group of companies.," writes Eric Schurenberg, President and Editor-in-Chief, Inc. Magazine, in a letter to eMazzanti Technologies. "Your repeat Inc. 5000 honors truly put you in rarefied company."

eMazzanti Technologies ranks number 4,696 on the 2017 list, one of only three IT services companies in New Jersey to make the list eight times or more. The Hoboken, NJ IT consultant, MSP and cloud services company is also ranked 51st among such companies nationally.

In making the list eight consecutive years, eMazzanti also earned the Inc. 5000 Honor Roll designation. "Fewer than a tenth of Inc. 5000 honorees - an already quite select group - ever achieve this milestone," stated Schurenberg.

The offerings include Azure-based [infrastructure as a service](#) (IaaS), [disaster recovery as a service](#) (DRaaS) and support for SMB and enterprise customers through a cloud MSP business model.

“The success of our cloud, retail and legal technology offerings reflect our customers’ shift to cloud computing and their need for industry-specific solutions,” said Ervis Zeqo, Business Development Manager, eMazzanti Technologies, “We have the right IT services at the right time.”
