

# eMazzanti Featured on Microsoft Cyber-Security Leaders Forum

*Building a Microsoft Cyber-Security Practice tips, tools and industry outlook shared on Microsoft Partner Community Leaders Forum by NYC cyber-security expert, Carl Mazzanti*

Hoboken, New Jersey -- (Cision) April 4, 2018 — eMazzanti Technologies President and Co-founder, Carl Mazzanti, was featured recently as a Microsoft cyber-security expert on a Microsoft Partner Community online Leaders Forum. At the request of Microsoft Partner Online Community managers, Mazzanti shared a series of 10 posts on the topic of building a Microsoft-centered cyber-security practice.

The informative posts can be found at the Microsoft Partner Network, [Partner Community, Leaders Forum, Security Area](#). This Leaders Forum is a dedicated area for Microsoft Partners to connect on the topic of security. A series of 10 posts from Mazzanti beginning March 18, 2019 explore topics such as cloud security, information governance, and the dark web, among others.

“Everything is about security now, as the first mindset,” related Mazzanti. “Without a security offering, you can fail in your customers’ minds. You become significantly irrelevant, or worse the key account leaves and you are out of business.”

“The Microsoft Partner Community Leaders Forum highlights Carl as an MPN Influencer and eMazzanti Technologies thought leadership on the topic of Security,” stated Keisha Jackson, Digital Communities Manager, Microsoft.

Mazzanti, widely regarded an expert on the topic of cyber-security, is often a featured guest on public programs to address the topic. In addition, he has built a long collaborative relationship with Microsoft, speaking at Microsoft sponsored events, such as Inspire, the annual gathering of Microsoft Partners.

Notably, Mazzanti’s customers have been featured in over 60 Microsoft videos. His company, eMazzanti Technologies, is currently ranked as the [#1 New York City Managed IT Service Provider](#) by Clutch, a Washington, D.C. based ratings and review platform.

## Microsoft Cyber-Security Experts
